

JAMES RIVER SOIL CONSERVATION DISTRICT TREE ORDER LIST

Listed below are the trees that are **anticipated** to be available from the District for windbreaks, wildlife plantings, and replacements. Trees should be ordered AS SOON AS POSSIBLE. Contact us if you need assistance or need a shelterbelt designed. To order hand plants, please complete the “quantity” column and return to us with your down payment (see note below). Please remember all species are subject to availability from the nurseries we order from.

QTY	SPECIES	Potential Height	Drought Tolerance	Flood Tolerance	Value To Wildlife	Comments
